LETTER OF TRANSMITTAL.

DEPARTMENT OF THE INTERIOR,

CENSUS OFFICE,

Washington, D. C., October 1, 1883.

Hon. H. M. TELLER,

Secretary of the Interior.

SIR: I have the honor to transmit herewith the third volume of the final report upon the Tenth Census, viz: that comprising the General Statistics of Agriculture and special reports on (1) Cereal Production, by Professor William H. Brewer; (2) Flour-Milling, by Knight Neftel; (3) Culture and Curing of Tobacco, by J. B. Killebrew; (4) Manufacture and Movement of Tobacco, by J. R. Dodge; (5) Meat Production, Clarence W. Gordon, special agent in charge.

Especial acknowledgment is due to James H. Wardle, who, as chief of the division of agriculture, has from first to last conducted with marked ability the compilation of the general statistical tables.

I have the honor to be, very respectfully, your obedient servant,

C. W. SEATON, Superintendent of Census.
